

Accidents

First Aid will be administered immediately to your child on-site should an accident occur. At the discretion of the principal, your child may be taken for medical attention to either the Health Centre in Vanguard or to the hospital in Swift Current. An attempt will be made to notify you if this is the case.

In the case of head injuries, you will be contacted. MINOR bumps DO NOT constitute a head injury.

All accidents will be documented, and anecdotal records placed in an accident file at the school.
